

# Places of the Heart: Montecarlo

The FAI (Fondo Ambiente Italiano or Fund for the Italian Environment) has been promoting *The places of the heart*, a national census, for ten years. This project is aimed at all citizens, including minors, asking them to vote for Italian places they love and would like to see defended, valued, and restored.

The Town of Montecarlo has decided to support the proposal by a spontaneous town committee to nominate the *Borgo di Montecarlo di Toscana* in the 2020 census-competition.

The Rocca del Cerruglio, Collegiate Church of Sant'Andrea Apostolo and its museum, Teatro dei Rassicurati, Pieve di San Piero, and Carmignani-Pellegrini Institute, all characterize the town of Montecarlo, which owes its name to its founder, Charles IV of Bohemia. Montecarlo, originally known as Terra Nuova, dates back to 1333 and is a beautiful example of a fortified town.

Along with its cultural, historical, and architectural traditions, also relevant and characteristic of the territory are its agricultural and wine-making traditions, with its D.O.C.G. (denomination of controlled and guaranteed origin) and D.O.P. (denomination of protected origin) oils and wines.
