

Visit Maggiano, Help Caritas

The Mario Tobino Foundation, in partnership with the Lucchese Medical Surgical Society, the Lucchese Art and Psychology Association, and the Archimede Social Promotion Association, and with the collaboration of Grapevine Editions, organizes the second edition of *La Vita è una bella Festa*, a cultural, artistic and convivial event with the aim of solidarity for the projects of the diocesan Caritas of Lucca.

The program includes at 5.00 pm *L'Ultima Chiave*, a tour guided by Dr. Enrico Marchi who will lead the participants on a historical-scientific itinerary in the most evocative places of the old asylum, through an emotional narrative path inspired by theatrical and musical suggestions. The artistic contribution, curated by Michela Panigada, is entrusted to the *MT 6 Art Group*, made up of actors, musicians and performers.

At 7.00 pm, an aperitif and a multimedia conference by Dr. Raffaele Domenici on iconodiagnosics entitled *Diagnosi su tela* will follow. This will be a very interesting review of pictorial masterpieces from which an expert clinical eye draws very surprising pathological notes that are exhibited to the audience.

At 8.15 pm, a dinner will be served in the courtyard of the Administration, during which time a member of the diocesan Caritas will illustrate a project of solidarity.

The banquet will be enlivened by musical interventions by Giulio D'Agnello.
